Notes for ORSON CARMI COBURN:

[Wynne Beverly Martin Family Tree.FTW]

Orson and Lena lived on the main street in Allegan. It was a really nice home and it was down the street from the Allegan Elks Club. I remember going there so many times as I grew up. When we would have family get togethers we would go there too. I also remember riding down there with my grandma and grandpa a few times because Lena was my grandmothers niece. Capt. and Sarah had a lot of fun with Orson and Lena. Over the years, the Coburns/Dennis/Lampmans would have picnics in Kalamazoo, Otsego and other places and we would always be invited. They were a warm and caring couple and it was always a pleasure to see them. He was ALWAYS dressed up in a tie/white shirt, or a cardigan sweater and that's what I remember most about Orson was how nice he always looked. The following information about Orson comes from the journal he wrote and gave to his children. He moved to Allegan at an early age and went to school in the "old" North Side School, a two story wooden structure. Two teachers were employed, Miss Emma Holdton taught upstairs, grades five and sixth, and Miss Jennie Langley taught downstairs the beginners through the fourth grade. Orson later attended the Old Seminary on the hill. After a short time there, he quit school and took a job at the Allegan Journal, a weekly newspaper and after about a year there, he took a position with the Allegan Gazette. He worked there over 40 years, until 1936 when the business was sold. He writes in this wonderful legacy journal that he left for his children, these are his words. "Since the passing of my dear wife I have made my home in Hollywood California with my son Bill and Peggy. I return to Michigan every June, visiting with my other three children, then return to Hollywood the latter part of August. I have become acquainted with many members of our Congregational church, also the Salvation Army here, (places that we attend regularly) also at the West L.A. Methodist church where Wm. is the organist and choir director. I also have become acquainted iwth some very nice elderly men in our park where I go often for visits and card-playing. I have taken many enjoyable trips with Peg and Bill on their musical concerts, North, South East and West in the state of California. I've gone to Michigan by car several times, four times I've flown in a Jet Plane, planning again this coming June for another Michigan trip. By putting his genealogy program together as good as he could remember it, he hopes that some member of the family will

keep it going and enter more. At the time of his writing, it was 1965, he states he had 4 children, 11 grandchildren and 22 GREAT grandchildren and he expects to have many more in the next 100 years. He signed it My Love to ALL, and may God Bless you all, Your old father, grandfather and great-grandfather." What a artwork piece he wrote! Thanks Orson for doing such a complete job and today, 2005, I'm trying to catch it up for the next generation!

Lena attended the Mill Grove school in her early years and she went to High School in Allegan She married Orson Carmi Coburn December 27, 1899 at the Allegan Methodist Church. They were married by Rev. Griffin. They began housekeeping in Allegan and after a few months, they bought a small home on North Street. This information is what Orson himself typed in a large family journal he put together. Bless him for doing that! Lena and Orson were wonderful people and I remember so well going to their home numerous times during my early childhood years. They had a darling home in Allegan and it was always a joy to see them both. Oh the joys of youth.....

Notes for IVOR BEVERLY COBURN:

Ivor Beverly and Ruth were such wonderful hard working people. They farmed the home where Ivor's grandfather/grandmother Huskinson, William and Martha lived in Millgrove, Allegan County. Ruth was a teacher and Ivor, besides farming which was a full time job, also was the Twp. treasurer for Allegan twp. for 25 years. I remember them both very well when we'd have family gatherings I'd get to see them and their children. The following information was supplied to me from Marge Lampman as written by her grandfather, Orson Coburn, Ivor's father.

Ivor was born at his grandparents home, Huskinsons. He attended the Allegan Schools and Graduated from Allegan High after which he worked in Flint for a short time, then going to Grand Rapids where he was employed in the York Band Instrument Co. He then returned home and where he spent much time in the country with his grandparents. He eventually purchased the farm where Ruth and him resided their entire lives.

Ruth was a school teacher in a one room school house in Babylon about 2 miles away from the family farm. When the country schools were segregated into city schools, she then taught in Allegan until she was 62. This information was given to me by Mary, Ruth's daughter.

Notes for HELEN MARTHA COBURN:

[Wynne Beverly Martin Family Tree.FTW]

Helen and Marshall were a wonderful couple. We often would ride our motorcycle down to Otsego and stop to visit them. I always thought that there were so cordial when we would get together at reunions. Helen would go out of her way to make you comfortable. We took my dad down to Marshall and Helens shortly after my mother died. Bill and Peggy were there from California and Helen had a house full that day. That was shortly after my mother passed away. (1981). Bill and Peg had come from California. She was a wonderful cook and always made anyone that came to their home, feel so welcome. She and my mother corresponded back and forth for years and years, they were great friends.

Notes for MARSHALL DENNIS:

[Wynne Beverly Martin Family Tree.FTW]

This gentle man was such a kind person and so sweet. I often wondered if anything upset him as he seemed so even tempered. It was always a delight to stop by to see them when we were out riding on our motorcycle. Some times we'd catch them playing cards in the back yard with Charlene and Jack. He usually had a camera attached around his neck and captured I'm sure, some momentous occasions throughout the years.

Notes for ERMA LOUISE COBURN:

[Wynne Beverly Martin Family Tree.FTW]

Lorraine writes that she thinks her Aunt Helen and Uncle Marshall Dennis were her Mom and Dad's attendants when they were married. That would be Ermas sister and brother in law. I have fond memories of Erma and her family and getting together for picnics and family get togethers. She was always such a sweet lady. In her fathers memory page which he wrote many years ago, he mentions that Erma was his third child, having attended public schools and graduated from Allegan High. She then went on and graduated from Western Michigan with a teaching degree. She then took a position with the Portland School system. She resigned her school duties in 1928 and was married to J. Allen Lampman, a teacher in Allegan. Soon after that they moved to Ann Arbor where Allen finished his law degree. They then moved to Mt Pleasant where he became the prosecuting attorney. I am in possession of a page that is an exerp<sup>t</sup> from the Memories of Erma. This was given to me by her daughter Marge. It states, "In 1910, grandmother and grandfather Huskinson were going to Manistee to visit Grandma's brother, William Bevery and Alice at Christmastime. They asked if I would like to go along and I was so excited because we were going by train. While we were on the train it stopped and I was scared. They told me not to worry that another train was passing on the other track and we wouldn't want that train to run into us! She also wrote that she remembered every summer coming to Grand Haven to visit her Aunt Sarah (my grandmother) and

her cousins, (my mother and my uncle) and staying for a week. While she was here, along with her two cousins they went to a lumber yard and climbed a cement wall where there was a cart that went on the railroad tracks. Ferris pushed it along. My leg struck a sharp track and cut my knee to the bone. I fainted and somehow thought that the man carrying me was my dad and I hugged him. Aunt Sarah wanted to take me to a doctor but a near by nurse said to just bandage it up. However when I got home it was all swollen and black colored. My dad took me to the doctor and he said they might have to amputate my leg unless we could treat it using hot water and carbolic acid three times a day. He said I wasn't to walk on it at all. It finally healed but I still carry the scar." This happened in 1924" .. What a story and isn't she a lucky girl. Heck of a way for a young girl to remember her weeks vacation in Grand Haven--by carrying that scar with her the rest of her life!

**6. WILLIAM JAMES<sup>3</sup> COBURN** (*ORSON CARM<sup>2</sup>, JAMES WHITE<sup>1</sup>*)<sup>1</sup> was born February 25, 1913<sup>1</sup>, and died May 07, 1985 in California<sup>1</sup>. He married (1) BARBARA BRADISH<sup>1</sup>. He married (2) PEGGY WATSON<sup>1</sup> June 25, 1949<sup>1</sup>. She was born in Franklin, Pennsylvania<sup>1</sup>.

Notes for WILLIAM JAMES COBURN:

[Wynne Beverly Martin Family Tree.FTW]

Bill was an accomplished pianist who played all over the world. He played while his beautiful wife Peggy sung. When they would come to Michigan to visit his mom and dad in Allegan, they would always come to Grand Haven and he would love to be asked to sit down and play a few tunes on my mom's baby grand. My oh my, could he play and could she sing. They usually came at least once a year to visit his sisters and brother and we'd always have a large family get together that included our family in Grand Haven. Bill's grandma and my grandma were sisters, both maiden name of Beverly. Bill's mom Lena was my grandmothers neice. Bill and Peggy had a darling son whom they named after Bill but they called him Sparky! The last time I saw Bill and Peggy was at his sister Helen's when her husband, Marshall died. I took many photo's that day as we had taken my dad there as my mother had passed away months before. He was such a wonderful pianist and a beautiful human being. Orsons journal where he put all the family history down states that Bill attended schol and graduated from Allegan High. We worked one year at various jobs then began a four year course in music at Michigan State where he received his B.A. degree. He taught in the public schools at Ithaca, MI. for a few years. After that he took a similar position with the Pattingale Jr. High in Lansing. From there he went on to Rochester New York attending the Eastman School of Music, obtaining his Masters Degree in Music. At that time he married Barbara Braddish. They had one daughter Sarah. They then moved to New York City and soon after were divorced. Sally made her home with her father and attended school there. She then went to school in Englewood new Jersey. Bill married Irene Watson and resided at the time he wrote this in Englewood.

Notes for PEGGY WATSON:

[Wynne Beverly Martin Family Tree.FTW]

I first met Peggy when she came with Bill to a picnic/family get together in the summer months. They came to Grand Haven and visited with my parents. I remember Bill sitting at the piano playing and that voice of Peggy's was so beautiful. They sang a few songs that day and what a great priviledge that was for all of us to hear them play and sing. I only remember them briefly throughout the years and that would have been at a wedding or funeral when they would come to the Allegan area. Orson in his life journal states that she is a talented contralto singer, having made her debut in Carnegie Hall New York. She has appeared on Television, Radio and is a soloist in her church each Sunday. After they were married, they resided in Englewood New Jersey. For the past several years, I have written Peggy and we correspond quite often. She absolutely amazes me that a gal of "80", plays a few nights a week in a lounge in California, she teaches piano and voice to at least 14 children, and a

couple adults she says, has recitals twice a year, and still finds enough time to enjoy her life and family. She recently went to Vegas and celebrated her 80th with lots of her friends. Life can't get any better than that. In her last note she informs me she has now given up the lounge singing as her schedule is just too busy. Way to go Peg! Loraine and her hubby, in March of 2005, recently visited with her Aunt Peggy out in California and mailed me a photo showing them at the restaurant. She looks wonderful!!! When she feels she doesn't have the time to write, she phones me instead. I surely enjoy talking with her. It's been a sheer delight to stay in touch with her over the past years.

Mary's information written to me by her, said she was born on their farm with a RN in attendance. Her dad paid the nurse \$25.00 and a calf for his wages. She says that during her childhood she did farm work for her parents and also the neighbors, picking fruit and vegetables to earn money. When she was 16, she got a job at the Five and Ten cent store in Allegan clerking during the summer and on weekends when she was back in school. She writes that the following years she did Secretarial work, computer work, taking time in between jobs to bring up her sons, retiring in 1989. She is now helping Ray, her hubby, in a music store in Oscoda Michigan, they sell organs, piano's etc. He is a professional piano tuner and a technician also. I remember Mary so well when I was younger and our families would get together for reunions. She had the most beautiful hair. Sounds like Mary and Ray are as busy as they care to be.

Notes for JACKIE LYNN BROOKS:

[Wynne Beverly Martin Family Tree.FTW]

Here's the spitfire mover and shaker of the Brooks family. I remember her so well growing up when we'd all get together each time for the reunion. She was four years old when Ken and I were married and we started to attend them. She makes me chuckle with her eagerness. She's a sweetie for sure. I enjoyed seeing her yesterday at the reunion and her idea of the name tags was wonderful. It worked out well Jackie. Her hubby was very helpful when it was decided to have us restore the place exactly as we had found it. Many hands made the work load light, and Mike picking up the broom and starting to sweep showed me no dirt gets under his feet! He too is a mover and a shaker. IT was a pleasure to meet you both after so many years. I certainly look forward to many more times of being able to have those reunions. Thanks Jackie for your part in making it so successful! The cake was such a wonderful gesture and so appreciated by Aunt Peggy!

At the picnic reunion this past week, August 21, 2005 that was held in Otsego, I was able to meet John and his lovely bride Terri. I remember him also when he was a small child and we'd have the reunions each summer with my parents and his grandparents being the instrumental people in getting it organized and finding the place to hold it. My how those years have escaped us but hopefully now, we'll again start having them each year so we can all stay in touch. It was a pleasure to see the excitement that everyone showed in viewing the family tree and the work that I have put into finding all the people that make it up. I hope next year to have added more information for them to see. John, you are fine gentleman!

Notes for WILLIAM JAMES DENNIS:  
[Wynne Beverly Martin Family Tree.FTW]

Orson Coburn, Jim's grandfather comprised a page detailing information about each of his children. I am using his data for many of the entries in this family tree. He states that Jim attended school in Otsego, graduated and then went to Western Michigan College. He then took a position in Kalamazoo where he worked for some time. Jim and Winnie were always at the family reunions when we would get together. When Ken and I were active in the Elks, Jim held an office in the Otsego Elks and was a very active member. We know he went through the chairs and was at one time was the Exalted Ruler. We used to see them at Conventions held throughout the state of Michigan. We have not seen them now in years. I contacted all my extended family about maybe holding a family picnic. Loraine and I had thought it might be held at their cottage however, we had to change plans. When I wrote the letter to everyone, Jim contacted me pertaining to a campground that he goes to, The Moose Campground in Otsego/Plainwell area. We now have a picnic planned for August 21st, hoping that Jim's Aunt Peggy will be able to come from California. It's been years and years since we've all be together so this should be a happy occasion and our thanks to Jim for finding and securing this spot. Our family is anxious to see everyone again.

Notes for KELLY LEE DENNIS:  
[Wynne Beverly Martin Family Tree.FTW]

Going back many years ago I remember meeting Jim and Winnie's children, but today, they are all grown men

with families of their own. IT was such a pleasure to speak with Kelly yesterday and I could tell he was very interested in the history of the family and how each were related. He has a wonderful family and a delightful wife. Sweet couple. I look forward to seeing them both again at future events. He's Kelly Lee Dennis and I've yet to meet Dennis Lee Kelley, his second cousin. There was a lot of kidding about those two names yesterday at the reunion. Dennis didn't come but hopefully maybe the next time, I will have the pleasure of meeting him along with others that couldn't come. Thanks Kelly for your interest in the family tree.

Notes for GAYLA SUE WARNER:  
[Wynne Beverly Martin Family Tree.FTW]

Having the pleasure of meeting Gayla yesterday made such an impression on me. Not knowing her, and knowing that there were many attending that reunion who she didn't know, when asked by her father in law, she stepped right up to the plate and offered the prayer before our meal. Thank you Gayla, it was so touching. Not many people could do that. With 73 there, that wasn't a small crowd to say it to! You did a splendid job. Every time I looked at Gayla she was sporting the camera.....I'm hoping she was able to capture some wonderful photo's. Thank you Gayla for your part in making it such a success. With so many hands taking part, that's what makes an event successful. My hats off to you dear and it was a sheer enjoyment for me to meet you. What a wonderful family you have!

I surely remember each of the Lampman family and always knew that when we would gather as a family, it was going to be a great experience just all being together. Their Great Grandma and my grandma were sisters.

GOOD for you Marjorie, what a rewarding job you had and you still have that interest in seniors today! We need more people like you who are willing to give their time and their talents to our Seniors. Marge has sent me numerous pages of family history and I can't thank her enough. Her niece Elisa put together some valuable information that she had gathered when she traveled to England. I thank her immensely for sharing it all with me and I will do my upmost to copy and input what I have, making it as actual as I can. He was born October 01, 1934 in Hamilton, Missouri<sup>1</sup>.

Notes for LORAINE MARTHA LAMPMAN:  
[Wynne Beverly Martin Family Tree.FTW]

I remember Loraine and the entire Lampman family from the picnics and family gatherings that we would do as I was growing up. They were a wonderful family and I can tell from her writing today that she is a devoted mom, and a busy gal. She tells me that Bill and her met in college and dated during all those years. We each taught one year before getting married she says. Her first year teaching was in Rockford and Bills was in St. Louis. When they married, there was a perfect teaching position for her in St. Louis (Michigan) so they chose to live there. She taught Spanish and English and later became the junior high guidance counselor. She was a stay at home mom for a few in between years, although she was able to teach adult Ed at night. After leaving teaching in 1992, she took a volunteer position as director of the local Community Foundation. That eventually became a "real Job she says and she ended up being there 8 years before retiring in 2002. She says they are active in their church and community activities. They enjoy their cottage on 8 point lake, a great get away she says. Her sister Marge and hubby Ken also have a cottage there so they have shared many meals and card games at the "lake". She also says that in 1984-85, they hosted a Japanese exchange student named Tomiko who became a senior at St. Louis High School along with Loraines son Mark. We grew very close to her and continued to be in contact with her when she went back to Japan. She came to Michigan a few times she says, sometimes bringing other Japanese students with her. After her marriage and birth of two children, she resides today in the Los Angeles area. Loraine says that in 2002, the entire Mayes family spent Christmas in Los Angeles with Tomiko's family. I can see from her writing that this gal and her family is very close to the Mayes and they consider them a huge part of their family. What a wonderful story.

Notes for BILL EDWIN MAYES:  
[Wynne Beverly Martin Family Tree.FTW]

Loraine says that Bill's whole career after college was in education, teaching for many years and then in administration. Both are very involved in Community and church activities along with the involvement with their wonderful family.

This is the company that owns Ringling Bros. Walt Disney on Ice and other entertainment groups. Mia is an attorney with a large law firm in Washington DC. Because her firm has offices all over the world, she does travel quite a bit. When Mark can work his schedule, he goes with her. They also have done a lot of recreational travel, having been to many foreign countries as well as different parts of the US. Mark is a marathon runner and recently ran in the Death Valley marathon. Notes for KARIN ANN MAYES:

[Wynne Beverly Martin Family Tree.FTW]

Loraine wrote such a beautiful letter describing her three children and their lives. Karin was born with the name Mi Hyang Song in Korea. She was adopted by Bill and Loraine April 8, 1975. She writes that they call Karin, "Kari" when she was growing up. She worked one year in Ann Arbor after graduating from Adrian College. She moved back to St. Louis, met Mike who had been far enough ahead of her in School that she had not known him previously, they fell quickly in love. We had our first family wedding several months later. Mike owns a manufacturing and welding business with his father and brother in this area, so we think we will always be near our grandchildren. They live in the country, 12 miles from Loraine and Bill. Their home location is unique because their address is Breckenridge, their phone is an Ithaca number, yet their house is located in the St. Louis school district. I hope their children will be able to get that all straight when someone asks them for their address/phone number and where they live. It should be quite comical for anyone trying to note that in the school directory.
